

Pandemic Golf Primer

How to successfully and safely run a golf tournament during a pandemic.

Is your organization interested in:

- Hosting a successful, safe golf event in 2021?
- Learning how other tournaments modified their golf fundraising event in 2020?
- Ensuring that your sponsors and golfers remain engaged with you organization?

Serving not for profit and corporate clients in Ontario and across Canada for more than 25 years, Golf Tournaments Incorporated (GTI) specializes in the planning, coordination and implementation of charity and corporate golf tournaments and golf fundraising events. The COVID 19 pandemic has challenged all of us in many ways. For the GTI team the question has become “in light of COVID 19 restrictions, how can we support our clients in meeting their event and fundraising goals?”. GTI is very proud to have planned a variety of alternative golf tournament formats for our clients so that they could hold their 2020 golf tournament in a safe and responsible manner and raise much needed funds for their organization.

Now is the time to consider how your organization can offer a fundraising golf tournament in 2021, even if the pandemic is still impacting your local community. GTI has proven that it can be done, and we are excited to partner with you on a tailored event plan that meets your specific needs and goals.
